

Gonzalo Miguel Adsuar Meseguer

FIP ECPG Chairperson of Liaisons 2024

My name is Gonzalo Miguel Adsuar Meseguer and I am currently working as a community pharmacist in Rojales, Alicante, Spain. I obtained my pharmacy degree from Miguel Hernández University, Elche, Spain in 2018.

I have been the founder of the first pharmacy students association in Miguel Hernández University, AVEF, which was also integrated in the Spanish Federation of Pharmacy Students – FEEF SPAIN. During my university years I got involved as FEEF SPAIN treasurer, secretary general and president, finally becoming an Honorary Life Member.

This amazing opportunity also allowed me to join EPSA and IPSF representing Spanish pharmacy students. Then I become part of the IPSF team as Patient Counselling Event Coordinator, which brings my passion, working as community pharmacist. Right now, I am serving as community pharmacist in Spanish Community Pharmacy Association - SEFAC leading the SEFAC Valencian Community Region.

I am excited and humbled to serve as Chairperson of Liaison this mandate. The more you start knowing ECPG and FIP, the more exciting it becomes, and I would love to share it with all of you!

Long live pharmacy! Long live FIP and ECPG!
